LEVELIZED PAYMENT PLAN

Account No. _____	Date _____
Name _____	Map Location _____
Address _____	Monthly Payment _____
_____	Additional Deposit _____

The typical Customer uses more electricity in some months than in others. This means electric service bills will be higher in some months than others. For the convenience of our members, San Patricio Electric Cooperative, Inc. (SPEC) will arrange for members to pay a level billing for each month rather than the standard bill. The conditions necessary for entering into an levelized payment program are as follows:

1) **Eligibility:** Any SPEC member who has received service on an account for 12 months or more will be eligible with these stipulations:

- a) The member must not be delinquent in any account;
- b) The eligible accounts are residential and small commercial under 35 kW demand;
- c) The member must be able to demonstrate an acceptable credit record.

2) **Calculation of Bill:** The immediate past twelve (12) electric bills shall be totaled and divided by twelve (12) to determine the monthly amount to be paid. This calculation is to allow for variations in usage, changes in wholesale power costs, and increases in fuel costs. This amount may be increased due to rate increases.

3) **Review Procedures:** The Cooperative will review the Levelized Payment amount with respect to the amount of the balance in the Customer's account, monthly; and will recalculate the Levelized Payment amount. In addition, the Levelized Payment amount may be increased to reflect any rate increase.

4) **Bill:** Customer's meter will be read at the normal meter reading time. The monthly actual bill will be calculated under the appropriate rate schedule. Levelized Payment Plan customers will receive a bill stating the actual usage and costs, but will be billed only the Levelized Payment Plan amount. The bill will also provide the customer with the current cumulative debit or credit balance of the Levelized Payment Plan program.

SECTION: FORMS

5) Late Payment: The levelized payment billing is due upon issuance of each month's bill and is to be paid not later than sixteen (16) days after issuance. If the due date falls on a holiday or weekend, the due date for payment purposes shall be the next working day after the due date. If payment of the levelized payment monthly amount is not made each month when due, the Cooperative reserves the right to place the consumer on normal billing with all balances due and payable in accordance with SPEC's Tariff.

6) Discontinuation of Service: If the Customer moves, or for other reason discontinues electric service, the total amount owed to the Cooperative according to the actual billing shall become due and payable immediately.

7) Contract Adjustment or Cancellation: The levelized payment plan contract may be canceled by either the member or the Cooperative upon thirty (30) days written notice, and the Cooperative's normal billing and payment procedures will then apply. Significant changes in a customer's service requirements may require them to re-establish a twelve (12) month billing history on the account to qualify for the program.

8) Deposits: The Company may require a deposit from Customers entering the Levelized Payment Plan; such deposit will not exceed an amount equivalent to one-sixth (1/6) of the estimated annual billing. The Company may retain this deposit for the duration of Customer's continued billing under the Levelized Payment Plan; however, the Company will pay interest on the deposit as provided in the Terms and Conditions of SPEC's Tariff. The deposit and interest will be refunded to the Customer after any twelve (12) month period where they have had no late or partial payments.

I certify that I have read and understand the terms of this contract and desire to enter into the Levelized Payment Plan and to abide by the conditions outlined above.
